It will support study in classical lands (not limited to Greece and Italy); the recipient may use it to attend an educational program in (e.g., American Academy, American School) or to undertake an individual plan of study or research. It may be used either for summer study or during a sabbatical leave, and it may be used to supplement other awards or prizes. Candidates for the fellowship must have been teaching Latin or ancient Greek at the secondary level (grades 9–12) in North America as a significant part of their academic responsibilities for three years out of the five prior to the award. Membership in the APA is not a requirement for application, although it is expected that applicants will have demonstrated an active interest in the profession and in their own professional development. Selection will be based on written applications by the Coffin Fellowship Committee. Recipients of the award will be expected to file a written report on their use of the fellowship, which the association may include in one of its publications.
