**DAVID WEBB**

Inspired by the times, David Webb produced two versions of the peace sign in 1970; one in 18k yellow gold, platinum, black enamel and diamonds, and one in 18k hammered yellow gold set in a hard stone plaque. Forty years later, David Webb continues to produce archival pieces, including the above piece from the archives, as fresh and timely as ever. And below, from the current Bastille collection, the hard-edged, 18k yellow gold, diamond, turquoise, platinum and black enamel cuff. For more information, visit davidwebb.com.
